

Lorenz NeuroVasc Inc.

2855 Argentia Rd., Unit 2  
Mississauga, ON L5N 8G6  
Canada

February 2, 2009

Dear Valued Customer,

Lorenz NeuroVasc is pleased to announce the appointment of **Greg Wachter** to the position of Vice-President, Sales. In this role, Greg will be focused on the development of strategies to sell and promote Lorenz's FREMS™ and Advancis wound care product lines.

Greg brings a wealth of experience in launching and supporting medical technology, most recently as Technical Director for BHC Medical. Moving forward, Greg will continue to serve as Technical Sales advisor to BHC, providing technical expertise and support to the BHC team.

The management of Lorenz NeuroVasc is excited to have Greg aboard, as it introduces both FREMS and Advancis wound care products in Canada this year.

**John Charbonneau**  
**Vice-President, Finance and Operations**

---

**About Lorenz NeuroVasc:**

Lorenz NeuroVasc is an innovative Canadian company focused on therapies for neurovascular rehabilitation. The company's core product, APTIVA, employs FREMS™, a novel electrical signal technology that closely mimics natural electrophysiological processes.
